

SIMpull[®] TRUCKS

MANAGED BY OUR SPEED[™] SERVICES TEAM

Have your custom color, paralleled, stacked, and cut-to-length reels with pre-installed SIMpull Heads[®] pulling grips delivered on a dedicated SIMpull[®] Truck .

When the SIMpull[®] Truck arrives, you can simply hook the rope to the pulling grips and start your pull or remove the reels on the A-frame payoffs and place them at the specific pull site. By utilizing this SPEED[™] Service offering you can simplify delivery, loading, and pulling, helping you meet deadlines and get the job done right.

By using SIMpull[®] Trucks to deliver your reels directly to the needed location, you can save:
