

SOUTHWIRE TRANSIT PRODUCTS

1. Aerial/Tunnel Vital Signal Cable

2. Overhead Contact Wire

3. Messenger Wire

4. Dropper Wire

5. Bare Overhead Aluminum

6. Diesel Locomotive Cable

7. Armored MV Cable 5-35kV

8. MV Tray Cable 5-35kV

9. Traction Power Cable LSZH

10. 600V Control Cable

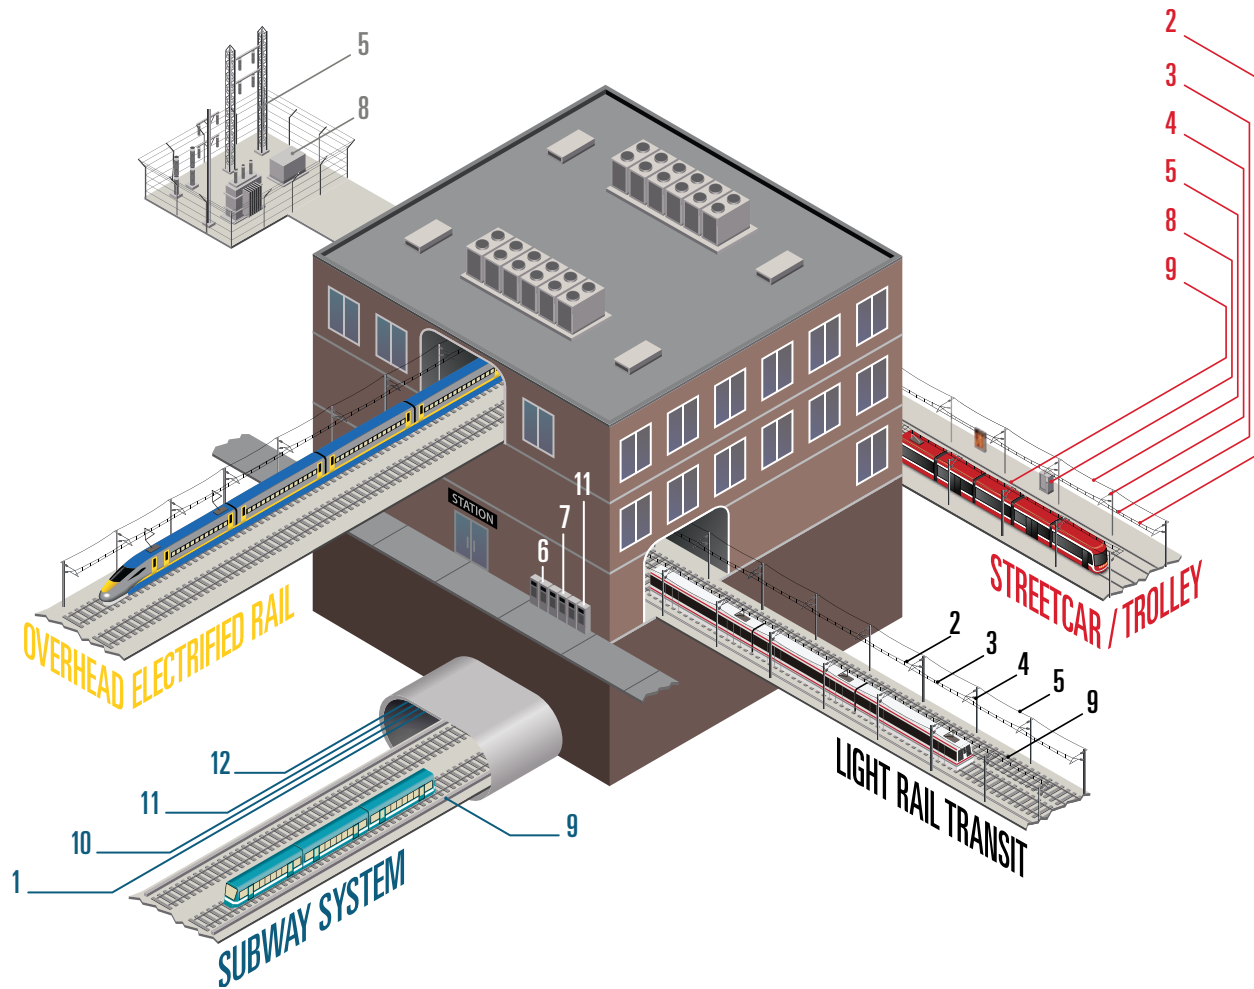

11. 1000V Power Cable

12. Single Conductor LSZH

13. Mosdorfer
Tensorex C+

SOUTHWIRE TRANSIT PRODUCTS

Image	Cable	Application
	Aerial/Tunnel Vital Signal Cable	Railroad circuit signal applications
	Overhead Contact Wire	DC and AC power feed for electrified Rail and Transit
	Messenger Wire	Supports contact wire and dropper wire in overhead catenary systems
	Dropper Wire	Vertical connection between the messenger and the contact wire
	Bare Overhead Aluminum	Supports contact wire and dropper wire in overhead catenary systems
	Diesel Locomotive Cable	Power and control circuits and motor leads
	Armored MV Cable 5-35kV	Armored Infeed AC power
	MV Tray Cable 5-35kV	Infeed AC power
	Traction Power Cable LSZH	DC Traction power feed to OCS and Third Rail systems
	600V Control Cable	Transit systems and tunnels to perform a variety of control and related functions.
	1000V Power Cable	Transit systems and tunnels to perform a variety of control and related functions.
	Single Conductor	Station & tunnel power and lighting applications

Image	Cable	Application
	Mosdorfer Tensorex C+	Spring tension device for OCS
